ABOUT THE WINE

If you're like us this last month, with Beyoncé's new album playing on repeat, this wine will have ya all up in the vibe with each sip like, "Oooh, it's so good, it's so good, it's so good, it's so good, it's so good!"

Summer may be on the way out, but it doesn't have to end in our minds, nor our glasses, with this show stopping Trebbiano liter from Abruzzo's Cantina Jasci. Easily paired with dinner (check), shareable (check), environmentally conscientious with 70% of the winery's energy needs met with solar power (check), delicious (double check), pairable with Beyoncé's new album (triple check)!

Super complex for a liter boi! Lemon zest, white flowers and crushed rock flavors don't disappoint.
