Red soil, Subalpine Sands, Limestone,  
Silica

**Fermentation:**

Concrete

**Dry/Sweet:**

Dry

**Body:**

4/5

**Acid:**

3/5

**Tannin:**

3/5

### ABOUT THE WINE

It's the Holiday Season, you know as always, we're going to hook you up with the very best! What says I'm doing the holidays, and I'm doing them right?! We went OG natty Sicilian legend COS on this call, and we know you won't regret it. We know we've shared some of their wines and talked them up with you before but they're just that iconic. Giambattista Cilia, Giusto Occhipinti, and Cirino Strano, the three owners who make up the winery's name COS, are a benchmark for Sicilian wine for us. Everything gets compared to them and we're okay with that. This season we knew their Nero di Lupo (AKA Nero d'Avola) was the best wine to share with you. This Nero is brimming with tart dark berry flavors and herby and smokey aromas with a body that's spot on for the cold December nights. Enjoy!

Dark berries, herbs, smoke, tobacco with a sharp definition on that palate.
