Practicing Organic

**Soil Type:**

Limestone, Sand

**Fermentation:**

Stainless Steel

**Dry/Sweet:**

Dry

**Body:**

2/5

**Acid:**

4/5

**Tannin:**

2/5

### ABOUT THE WINE

We were so stoked to get Denis Lattard's wines into the Cincy area recently and knew we had to share them with you as soon as possible. His wines are pretty rare, coming from only 6.3 hectares total with about 15,000 bottles produced of all his cuvees. Lattard's wines have not had any added sulfur since 2007, and they are extremely precise and poignant, always leaving us speechless. We loved his expression of Gamay as it's a great contrast to the Beaujolais style of Gamay. Sure, there is a delicate, tart berry, slightly funky side to it but this wine's terroir gives it a super complex savory and earthy side that we can't get enough of! Enjoy!

Earthy & savory Gamay, complex and delicious.
