Calcareous Clay, Sand

**Fermentation:**

Concrete

**Dry/Sweet:**

Dry

**Body:**

3/5

**Acid:**

4/5

**Tannin:**

3/5

### ABOUT THE WINE

We first introduced you to the crew of Les Têtes earlier this summer, and when we had the opportunity to give you another beautifully crafted bottle from them, we didn't hesitate! This month we're excited to give you their flagship red bottle that's brimming with tart raspberry and green pepper flavors that has us debating which wine of theirs is the best. What we can't dispute is how their wines have such vitality and energy you feel you want to share them, which is quite apt as they have said about their project, "Les Têtes is about friendship, and wines you drink with friends."

Notes of herbaceous raspberries with a green pepper finish.
