Shale, Sandstone

**Fermentation:**

Neutral French Oak

**Dry/Sweet:**

Dry

**Body:**

3/5

**Acid:**

4/5

**Tannin:**

3/5

### ABOUT THE WINE

We're not exaggerating when we say we're obsessed with this dangerously chuggable Carignan from Two Shepherds. In fact, just yesterday we downed a whole bottle with a simple meal of barbecue sauced chicken and roasted brussels sprouts with olive oil and balsamic glaze. Wow, we say downed because we couldn't stop ourselves from gulping and refilling our glasses. While we aren't in the habit of encouraging quick drinking, it was the pure joy of drinking this delicious wine combined with how easy it is to pair with food that caught us by surprise in the best way. When you taste and drink wines day in and out over the years, little moments like this that make you feel like a wine kid again are so special, and we have our homies at Two Shepherds to thank for that. This Carignan comes from a 75-year-old, dry and certified organically farmed vineyard and that leads to such a richly textured and layered wine that is complex in flavor but also just so dang delicious. We can't wait for you to enjoy it too!

Juicy with an herby pepper vibe.
